WARN CLUBS AGAINST USE OF SIDEBOARD

Letters Sent to California Lodges by Temperance People
GIVEN CHANCE TO QUIT
If Action to Do Away With Bar is Not Taken Prosecution May Follow

The first note of warning of an axe to fall upon the clubs of California if they do not voluntarily abolish their sideboard or bar from the club rooms was sounded this morning when a letter written during the present week to them by Rev. A. W. Renton pastor of the California M. E. church was made public. In his letter Rev. Renton stated that along with the general movement for the public good clubs in various places were being closed either voluntarily or by force of the courts, and that if the letter was not heeded prosecutions would follow. It is stated in California this morning that there was plenty of evidence against the two clubs there, the Moose and the Eagles, and that there is plenty of weight supporting the movement to have them closed. It is stated that both will hold meetings to gravely consider the matter and make known their decision by Monday. Rev. Renton's letter follows being addressed to the secretaries of the two clubs:

"This letter is to you, officially, and is to be presented to your lodge for your consideration.

"You are aware that the handwriting is on the wall, so far as the sideboard or bar in lodges in this State is concerned. In many courts prosecutions have been made and in each case we believe the bar in a lodge has been declared illegal.

"You are aware of the consequence if legal action is taken. We do not want any man to suffer if it can be avoided.

"We ask therefore that your lodge abandon its bar or sideboard and thus save the need of prosecution here which has been so successfully waged elsewhere.

"You are aware that some lodges have of their own accord abandoned their sideboard. The Elks of Duquesne is an example of this kind. This is the wise course and the best for all parties concerned. I await your answer.

Yours Sincerely,
A. W. Renton,
Pastor M. E. church
California, Pa."

Statistics in District

Report of North Charleroi Registrar Shows Gain in Population

There were five more births than deaths in North Charleroi during the year 1911, according to the report of S. W. Sharpneck registrar of vital statistics. The births numbered 31 and there were 26 deaths. These figures are little above the average monthly statistics for the Charleroi district, which includes Charleroi, Fallowfield and Twilight.

FRANCES WILLIARD MEMORIAL

Members of W. C. T. U. Commemorate Life of Founder

MRS. KOHLER SPEAKS

The Charleroi organization of the Women's Christian Temperance Union held a Frances Williard day memorial celebration at the Washington Avenue Presbyterian church Thursday evening. A memorial program was rendered and Mrs. H. L. Kohler, of Washington, who is one of the leading workers of the State in the work among the soldiers and sailors made the chief address. Owing to death in her home Mrs. Ella George, State president of the W. C. T. U., was unable to be present as planned. Mrs. Kohler's address was along the lines of work being done among the soldiers and sailors. She said that America was considered the "land of the free and the home of the brave," but that it was in the grip of slavery, the like of which Abraham Lincoln never knew, the slavery of Deamon Rum. She told of the work of the Washington county association among the men in the prisons, describing their appreciation of the little kindnesses which the women were able to offer. She complimented the Charleroi W. C. T. U. on its advancement, it having gained in membership from 13 to 76 in nine months.

PLAY OF DOG CAUSES DEATH OF YOUNG MAN

Back of Lad's Head Blown Off by Accidental Discharge of Winchester Rifle-- Found by His Brother

With the back of his head completely torn off by the explosion of a Winchester rifle, Carl F. Marker, the 17-year old son of Mr. and Mrs. William H. Marker, residing near California was found dead by his brother Roy Thursday afternoon. His death is believed to have been the indirect result of the play of the lad's pet dog. Young Carl had been out during the day shooting crows, his parents being at California. Apparently he had been preparing to clean the weapon after returning to the house. The theory is that the boy sat down in a chair leaning the gun against the side of the chair. It is supposed the dog moving about the room struck the trigger in some way discharging the gun. The deadly missile struck Marker in the back of the head inflicting a terrible wound. When Roy Marker entered the room the dog was cowering in the corner while the dead body of the boy sat upright in the chair.

Officers Are Now on Trial

Highway Robbery Charged Against Monongahela Constable and California Man

Charged with holding up and robbing Charles Croft, John W. Sarver, a constable of Monongahela and Harry F. Smith of California, formerly a P. R. R. detective were placed on trial at Washington Thursday in criminal court. Croft was placed on the stand this morning. His testimony was to the effect that the two men had held him up and taken \$21.60 from him. Efforts to break down his testimony proved unavailing.

Sarver, when this case is decided will be tried on a charge of entering a building forcibly. Smith is facing a trial on two charges of assault and battery and one charge of impersonating an officer when this case is finished.

FUNCTION IN HONOR OF GUESTS

Mrs. W. H. Coles Entertains at the Wilbur Hotel

IS A BRILLIANT AFFAIR

Charming appointments significant of George Washington's birthday were handsomely carried out yesterday at a card party given by Mrs. William H. Coles at her home at the Hotel Wilbur in honor of her visiting guests, Mrs. John Morse Whitlaw of Johnstown, Mrs. Holley Phelps of Chicago, and Mrs. John Allen Bechtel of Tarentum. The function was held in the dining room of the Wilbur, which has been redecorated and beautifully carpeted, and was featured by all the mementoes of the Father of his country.

The color scheme of red and white with a touch of green was introduced by an effective arrangement of ferns. From the chandeliers were showers of cherries and small hatchets, tied with bows of red, white and blue ribbon. Vases of tulips, red and white carnations and Spring flowers were placed in every available space, while over the doorway and windows were festoonings of red, white and blue.

Eleven tables were brought into requisition, and "500" was played until 5 o'clock. The tallies were daintily and novel, a bunch of cherries featured the card, and attached were favors of small hatchets, tied with bows of red, white and blue ribbon. Concealed in the handles were small leaflets, containing a verse appropriate to the occasion.

JURY RETURNS NUMBER VERDICTS

In criminal court at Washington Thursday several verdicts were returned. Joseph Freedman of Washington was acquitted of a charge of larceny Thursday, but was assessed with the costs. The private prosecutor was Mrs. Charles Lemley. Through sickness in the family she became in arrears for some furniture bought on the installment plan. Freedman, it is said, took back the furniture and some canned fruit for the arrears. Suit was entered for the larceny of the fruit. The case created much sympathy for the woman. Both are from Washington.

Carmel Tedesco of Monongahela was convicted of aggravated assault and battery and given an indeterminate sentence to the penitentiary of not less than nine months nor more than three years. Peter Altmanini of Black Diamond pleaded guilty to selling liquor without license and was fined \$500 and cost, and sentenced to three months in jail.

Defer Contract Matter

According to schedule the North Charleroi council met Thursday evening but did not take up the matter of a new water contract, the representative of the Charleroi Water company not being present.

THE BLUE SKY LAW.

In view of the many stock swind-
ling schemes that are being floated in
various parts of the country, the
Legal Aid Society of Philadelphia
urges the passage of a law in this
State similar to the one in Kansas
known as the "Blue Sky Law." This
act, as the title indicates, is intended
to prevent the offer in Kansas of
shares or other opportunities for en-
terprises which have no assets ex-
cept their attempt to capitalize the
blue sky overhead.

This law, which was enacted by
the Kansas Legislature, makes it a
penal offense for any person or cor-
poration to offer for sale in that
State by agent, circular or advertise-
ment, any shares in any company
whose affairs have not been exam-
ined and approved by a State commis-
sion. An agent before he can solicit
the sale of shares for a corporation
or enterprise must first have a li-
cense from the State, and unless he
produces that he is subject to arrest.

As a result of this law Kansas is
now almost entirely exempt from the
operations of the various swindling
concerns that have been fleecing the
people. While the postoffice depart-
ment has been active in prosecuting
these swindling concerns it generally
does not know of their existence un-
til thousands of people have been
fleece out of their money. The
"Blue Sky Law" most effectually
nips these schemes in the bud, as
they have to run the gauntlet of a
board of hard-headed Kansas farmers
whose sole idea of duty is to serve
the public. This is the law that is
urged for Pennsylvania, and the
people will do well to give it their
thoughtful consideration.

ANOTHER PROSPECT

The rumor that the West Penn
trolley people are seeking to extend
their trolley service into the Monon-

gahela valley gives another prospect
for the future development of this
section. A trolley connection that
will ultimately lead into the inter-
ior of Washington, Greene and Fay-
ette counties will greatly broaden the
possibilities of the Monongahela val-
ley commercially, industrially and
agriculturally. It is to be hoped that
the rumors of the contemplated de-
velopments will shortly materialize.
That there is some foundation to
these rumors is verified by a survey
of the territory that the proposed
extensions will enter and the possi-
bilities they offer. Any person at all
acquainted with the situation cannot
fail to be impressed with the outlook.
The rich coal fields of Greene county
await development and the populous
communities that can be united by
cheap and quick transportation
would surely add to the general pros-
perity of the whole district when they
can co-operate in trade and industry.
The advantage of communication
with the farming districts the lines
would traverse would alone be suf-
ficient inducement for the encourage-
ment of the project. This is a most
important prospect for Charleroi and
all possible encouragement should be
given to help the matter along.

ELECTRIC SPARKS

Discussions of the right way to be

that nobody knows quite so well as
yourself.

PICKED UP IN PASSING

A reader of the Mail out in Ohio,
after sending greetings, in which he
says that W. H. T. looks a whole lot
better to him than Teddy, enclosed
the following for the "Picked Up In
Passing" column:

Down in Oklahoma the other day a
man went into a store to buy a saw.
He saw the kind he wanted and asked
the price. It was \$1.65, the dealer
said.

"Good gracious," said the man. "I
can get the same thing from Sears,
Robuck & Co. for \$1.35."

"That's less than it cost me," said
the dealer, "but I'll sell it on the same
terms as the mail-order house just
the same."

"All right," said the customer.
"You can send it along and charge it
to my account."

"Not on your life," the dealer re-
plied. "No charge accounts. You
can't do business with the mail-order
house that way. Fork over the cash."

The customer complied.
"Now two cents postage and five
cents for a money-order."

"What—?"
"Certainly, you have to send a
letter and a money-order to a mail-
order house, you know."

The customer, inwardly raving, kept
to his agreement and paid the nickel.
"Now twenty-five cents express-
age."

"Well, I'll be—," he said, but
paid it, saying, "Now hand me that
saw and I'll take it home myself and
be rid of this foolery."

"Hand it to you? Where do you
think you are? You're in Oklahoma
and I'm in Chicago, and you'll have to
wait two weeks for that saw."

Whereupon the dealer hung the
saw on a peg and put the money in
his cash drawer.

"That makes \$1.67," he said. "It
has cost you two cents more and
taken you two weeks longer to get it
than if you had paid my price in the
first place."

A story is told of a postmaster of
a fourth-class office in a town not a
thousand miles from Charleroi, who
had considerable trouble in decipher-
ing the addresses of letters mailed
and received at his office. One of the
patrons, used to do their considerable
corresponding and one day the
postmaster was completely stalled
on the address of a postal a mem-
ber of the family mailed. Return-
ing the postal he addressed the fol-
lowing note to the woman of the
house:

"Dear Madam: I wish you'd tell
your friends not to write any more
like this. It's too hard to read."

EVEN AS YOU AND I

Where ignorance is bliss 'tis folly
to confess.

Some people think they are guests,
but others find their hosts.

Some people are mere bubbles; only
they remain in the air too long.

The people on the toboggan of joy
do not realize it until they strike bot-
tom.

Some people who are crazy to be
married may be only temporarily in-
sane.

Some people are hypochondriacs as
to their value in the world, which in
reality is below par.

In hitching their wagons to a star
most people look through the wrong
end of the telescope.

Some people think heaven is situ-
ated somewhere near earth. Others
locate it down in the ratsheller.

Some people may take a plunge in
the pool of love, but look long and
longingly in the well of matrimony.

When people quarrel one word
brings on another until they acquire
a vocabulary that they are ashamed
of.—Sophie Irene Lock.

SUCCESS AND FAILURE

The way that wins is hard.

To such men there is an excuse for
nothing.

Not so difficult in the doing as in
the planning.

So the easiest way is as a general
rule the longest way.

It is the easiest way out and such
ways all have to be tramped over
again.

In its winsome winning way it finds
a welcome because it offers consol-
ation in times of trouble and perplexity.

The thoughts, the ideas, the meth-
ods which enable men to judge rightly
come from hard serious work.

The laugh is always on the fellow
who believes in his own excuses. An
excuse is a devil of a traitor to man-
kind.

COULD HAVE SAVED MONEY

You can save money by spending it
right, as well as by laying it aside.

For instance there are many peo-
ple who do not buy the right med-
icine for their ailments, and pay out
many dollars before they learn just
what to do.

Mrs. Alex Dumas, of Malone N.
Y., knows this now. She says, "A
very heavy cold settled on my lungs
last winter and for three months I
coughed almost constantly. At night
I could hardly get any sleep. I tried
several medicines but none of them
did me any good. Then I thought I
would use Vinol and it began to help
my cough from almost the first dose.

"I do not cough at all now, I can
sleep well and have gained much
strength, all because I took your
splendid tonic.

When you buy Vinol for your
cough, or to build you up, you are
getting the best remedy that can be
had and will not need to experiment
with any others. We guarantee
Vinol to do you good and will give
back your money if you are not well
satisfied. Piper Bros., Druggists,

FUNCTION IN HONOR OF GUESTS

(Continued from page one.)

private to the day, and a picture of a small cherry tree with "A George" manipulating a hatchet.

After ten games were played, luncheon was served. Here the same color scheme of red and white was carried out, and was a marvel of deliciousness and daintiness. Some of the ices were typical of the illustrious George, and others were of his emblem, the hatchet, and having in relief a fac-simile of the hero. The cakes were also decorated with cherries.

Beautiful favors were awarded to those making top scores, Mrs. Gilleland, receiving a jewel basket of Sheffield plate, and Miss Brown a set of china ramekins. The house guests cut for guests' favor and Mrs. Phelps was presented with a cheese box of Sheffield plate.

Mrs. Coles proved herself the usual charming hostess and was showered with congratulations for the effective manner in which she carried out the Washingtonian sentiment. She generously divided honors for the success of the function with her house guests, who are now sharing her hospitality.

The hostess, Mrs. Coles, wore a gown of figured blue chiffon over blue satin. Her jewels were diamonds and turquois. Mrs. John Morse Whitlaw, of Johnstown, wore an imported robe of embroidered violet charmeuse, with jewels of diamonds and opals. Mrs. John Allen Bechtel of Tarentum was attired in an American Beauty taffeta, with Venetian gold and point lace. Her jewels were diamonds. Mrs. Holley Phelps of Chicago was gowned in an imported Irish lace, over orange taffeta, with diamonds. Miss Florence Sample of Wilkensburg wore a gown of delf crepe meteor, with German Vele-

ciennes lace. Her jewels were coral, cameos. Miss Mary Paiget of Pittsburgh wore an imported blue chiffon robe embroidered in iridescent. Mrs. James Gilleland of Pittsburgh was gowned in an imported cluny robe over gold satin. Mrs. Isaac Baum of Washington was attired in a black chiffon robe embroidered in crystal over blue messaline. Mrs. William Barnes of Creighton wore purple, chiffon over gold satin. The other out of town guests were Miss Minerva Thomas of Pittsburgh, Mrs. Charles Thomas of Donora, Miss Hester Kyle of Belle Vernon, Mrs. Frederick Miller of Meadville, Miss Laura Brown of Toledo, O., and Mrs. Laura Fogg of Portland, Me.

Guests from Charleroi were Mrs. Arthur W. Day, Mrs. E. C. Niver, Miss Leone Evans, Mrs. J. J. Hott, Miss Elizabeth Hastings, Mrs. R. A. Roberts, Miss Margaretta Christy, Mrs. Charles VanVoorhis, Mrs. L. W. Shey, Mrs. Julia Vandergrift, Mrs. J. B. Enos, Miss Mattie Criswell, Mrs. T. M. Faddis, Mrs. Emma C. McKean, Mrs. C. W. The Country Cottage.

The country cottage is the hope of the young and the solace of the old; it is the middle-aged, with their exaggerated ideas of comfort, their unreasonable desire for dry walls, brilliant lighting, hot and cold water, and the telephone, who complicate the question of the Saturday rush to the green fields.—Sketch.

Smallest Island.

The island on which the Eddystone lighthouse is situated is the smallest inhabited island in the world, it is said, although there may be some disputants to this claim in the Thousand Islands. It is only 30 feet in diameter at low water.

The KFFOHN GABINET

NE topic is perpetually forbidden to rational mortals, namely, their distempers. If you have not slept, or if you have slept, or if you have the headache, or leprosy, or than-dastroke, I beseech you by all the angels to hold your peace, and not pollute the morning. Come into the azure and enjoy the day.

A NUTRITIOUS DINNER.

Turkish Soup.—Cook a fourth of a cup of rice in five cups of soup stock until soft. In one and a half cups of tomatoes cook a bay leaf, two slices of onion, one teaspoon of pepper corns, a fourth of a teaspoon of celery salt for fifteen minutes. Combine mixtures, rub through a sieve and thicken with two tablespoonfuls of butter and a tablespoon and a half of flour.

Beef Steak Pie.—Cut remnants of cold broiled steak or roast beef in small pieces, cover with boiling water, add a half an onion and cook an hour very slowly. Remove the onion and chicken with a little flour stirred into cold water, season with salt, pepper. Add half as much potato as meat, cut in cubes and parboil until nearly soft. Put into a buttered pudding dish and when cool cover with baking powder biscuit. Steam until the crust is cooked, then bake in the oven until brown.

Russian Salad.—Prepare each of the vegetables separately and marinate (season) with French dressing. Take one cupful each of cold cooked carrots, potatoes, peas, beans and arrange in four sections on lettuce leaves. Cover each section with mayonnaise dressing. Garnish with hard cooked egg whites cut in rings and the yolks put through a ricer, and sprigs of parsley.

Mock Macaroon Ice Cream.—Mix together one tablespoonful of flour, a cup of sugar and one-eighth of a teaspoon of salt; add a beaten egg, then gradually two cups of scalded milk. Cook over hot water for twenty minutes, stirring constantly at first, then add a quart of cream, a tablespoonful and a half of vanilla. Cool and freeze; when half frozen add a cup of dry brown bread crumbs.

Found in the Census Bulletins.

A rather startling feature of one of the recent census bulletins is that concerning mortality with reference to women. Dr. Cressly L. Wilbur, chief statistician of vital statistics, declares that out of all the deaths reported for the age periods from 10 to 24 and 25 to 44 years 29.3 per cent. of them are due to tuberculosis of the lungs. Of the deaths among women workers between the ages of 35 and 84 years heart disease claims an average of 14.49 per cent. The bulletin also shows that between the ages of 35 and 64 6.8 per cent. of the deaths among women is due to cancer, and it also states that of the total number of deaths among women of specified occupation by far the largest per cent. is due to consumption.

Render Unto Caesar—

The agent of a recently completed large New York apartment house had a card placed in all the passenger elevators bearing this notice: "Gentlemen will remove their hats when there are ladies in the car." The cards were taken down after a few days, but there seems to be a difference of opinion as to the reason. The agent says that his aim has been accomplished, while some of the tenants said that he was willing to let the matter of the hats take care of itself after he had read a letter signed by a number of tenants protesting against his "mentorship." "If you want us to take off our hats to anybody let the order come from the janitor," they wrote. "He's the janitor, but you are only the agent."

Boy Shot Big Eagle.

Ten-year-old Otto Frame, a farmer's boy living seven miles from Michigan City, killed a big baldhead eagle and saved his baby brother from serious injury if not from death last week.

The children were playing alone in the yard, the older members of the family having gone to town when they saw the big bird circling above them. The boy ran into the house and took down his father's shotgun. As he ran back to the yard the eagle swooped down upon the baby. Otto raised the gun and fired both barrels.

The big bird fell dead shot through the breast within a few feet of the little boy. Soon after Otto's father, Chauncey B. Frame, returned. They stretched out the dead eagle. It measured eight feet from wing tip to wing tip.—Chicago Tribune.

Metaphor Resented.

"Did I understand you to say, sir," said Col. Stilwell, "that you regarded that orator's remarks as moonshine?" "That's what I said," replied the critical person.

"Well, sir, I do not wish to seem captious, but when it comes to comparing that line of talk with a mountain product for whose vigorous qualities I have a large degree of respect, I must say that your efforts to be complimentary, sir, go entirely too far."—Washington Star.

A GREAT DISCOVERY

Certain Ingredients That Really Promote Hair Growth When Properly Combined.

Rescorin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment and also creates a clean healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishment properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93 per cent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store, Carroll's Drug Store, 623 Fallowfield avenue, Charleroi.

New Russian Oil Region.

While Baku is known as the great oil producing province of Russia, and its wells have produced immense quantities, its reputation bids fair to be overshadowed by the new region, the Saliang Steppe. Saliang is about 125 miles distant from the city of Baku, on the shore of the Caspian sea, at the mouth of the Kura, the largest river in the Caucasus. Its position is a commanding one, both for supplying the European and eastern market. The petroleum deposits in the Saliang steppe have been known for years, but only recently has attention been attracted thereto. The possibilities are very great.

Believes This will "Cure Lung Troubles"

Consumption is a fatal disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact.

If this trouble is present, it is no time for trying "last year's" medicine. If a cough is present that keeps you anxious or any of the symptoms are present, such as fever, night sweats, weakness, and loss of appetite, and perhaps some raising of mucus in the sputum, take E. K. Allen's Alternative, as "Dr. Petersworth" did.

"The Spring of 1905, I had a severe cough for six months. I tried all the medicine that my friends and doctors recommended to me, but no results came or the better. I had night sweats, and would cough and spit up every night until I got so weak I could hardly do anything. But at last, Jones, Dr. Allen, of Chicago Junction, insisted that I try your medicine, which I ordered at once and began taking the same. In one week's time there was quite an improvement in my condition, and after I had taken several bottles, I felt as well as ever in my life. I never wrote any firm or company a letter recommending their medicine before, as there are so many fakes that a medicine of genuine quality don't get credit or even trial."

"I desire the world to know that I firmly believe that your E. K. Allen's Alternative will cure any case of lung trouble if taken before the last stage. I will gladly write personally to any party wanting information in regard to your wonderful medicine." (Signed) ANDREW J. BETHELSDORTH.

E. K. Allen's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to E. K. Allen, Laboratory, Philadelphia, Pa., for more extensive information. The leading druggists.

U'S ARE BEATEN AT HOME

Cherub Basketball Five
Too Strong for
Sear's Outfit

EVERYBODY IS A STAR

Inspired by a needed rest of a few days and playing like phenoms the Charleroi Cherubs won from the Uniontown team on the latter's floor Thursday evening. All there was to it Adams and his gang set such a pace that the big U's couldn't get in sight. Shots from all corners of the field were quite the order of the evening on the Charleroi side of the affair. As a result of all the combating Uniontown dropped to second place in the Central League circles by a 41-33 jar.

Big Bill Powell, erstwhile baseball pitcher and an amusing individual of note hopped into the arena gaily with the team in the first half. Whether this had any bad luck omen or not it is impossible to state, but by the time the first half ended and the Cherubs had done to Uniontown all they felt like doing Bill was ready and willing to hike for the tall and uncut bramble bush. The first part of the fray ended with Charleroi leading and happy with the score 21 to 18.

There was no let up of the rapid going in the second half on the part of the Cherubs. O'Donnell was in Powell's place. The Cherubs were next thing to being at home having inhabited the Uniontown cage themselves considerably last season, and showed the Father Sear's beauties the stuff of which heroes are made. All kind of field goals were counted and Jacky Adams, the lovely Charleroi captain with an insistency born of courage, et cetera, kept tossing them in from the foul line just as regular as they were called--almost. Uniontown never got a chance to look busy until the last 33 seconds of play when somebody let Morris have the ball twice to see if he really could throw field goals, and by heck, he did. Swenson wrested the bounding bulb from a mixup and threw in one.

Then they quit. Lineup:
Uniontown--33 Charleroi--41
Swenson F. Adams
Boggio F. J. Brown
Powell C. Dolin
Sears G. Herron
Morris G. A. Brown

Substitution--O'Donnell for Powell.
Field goals--Swenson 2, Powell 4,
Sears, Morris 2, Adams 4, J. Brown 4,
Dolin 4, A. Brown. Foul goals--
Sears 15 out of 18, Adams 15 out of 17. Referee--Geisler.

TO TUNNEL ENGLISH CHANNEL

Scheme Is Being Revived In Spite of Refusal to Pass Last Bill.

The scheme for a tunnel between England and France is being revived in spite of the emphatic refusal of the last bill which was presented in 1907. But great changes have been brought about since then in relation to the military opposition to the scheme, for the coming of the aeroplane and its rapid development as an implement of war have to some extent removed the idea of danger from invasion by tunnel.

If 11 aeroplanes can cross the channel together, as they did a few weeks ago, there is little reason why an army of them may not do so in the near future if they wished. A tunnel also might under certain circumstances be a help in time of war rather than a danger, as much of our food supply could be brought through it.

The chief advantage, however, of the tunnel would be an increase of trade and tourist traffic between England and France as well as countries beyond France. At present the borings at each side are well over a mile and it is estimated that the whole work could be completed within five years, as there is no hard rock to be pierced. The adoption of electricity instead of steam would also remove one of the original drawbacks.

Among The Passers

Herron didn't get any field goals but the way he guarded the rear of that cage from the onslaught of Swenson, Sears, Boggio and others, so they say, was good enough to make him a candidate for President.

The big U's were beaten on their home floor the second time this season. Won't Uniontown Herald Dad Albright have to make excuses now?

Maybe Bill Powell felt a trifle annoyed at the Charleroi boys for what they did to him here last Friday, and maybe that bothered his playing.

Allie Brown's efforts did not go unrewarded. His one field goal, completing the total number of 14 for the Cherubs, was an event worthy of record.

Adapted for High Altitude.
It is a familiar fact that living at high altitude puts a strain on the heart, which has more work to do. In this connection, says Knowledge, it is interesting to notice Strohl's recent comparison of ptarmigan from high altitudes and willow grouse from the plains. He found that in ptarmigan, even in the young bird, the right ventricle of the heart is very distinctly stronger than in the willow grouse, a specific adaptation to the difference of habitat.

WARN CLUBS AGAINST
USE OF SIDEBOARD

Letters Sent to California Lodges by Temperance People

GIVEN CHANCE TO QUIT

If Action to Do Away With Bar is Not Taken Prosecution May Follow

The first note of warning of an axe to fall upon the clubs of California if they do not voluntarily abolish their sideboard or bar from the club rooms was sounded this morning when a letter written during the present week to them by Rev. A. W. Renton, pastor of the California M. E. church was made public. In his letter Rev. Renton stated that along with the general movement for the public good clubs in various places were being closed either voluntarily or by force of the courts, and that if the letter was not heeded prosecutions would follow. It is stated in California this morning that there was plenty of evidence against the two clubs there, the Moose and the Eagles, and that there is plenty of weight supporting the movement to have them closed. It is stated that both will hold meetings to gravely consider the matter and make known their decision by Monday. Rev. Renton's letter follows being addressed to the secretaries of the two clubs:

"This letter is to you, officially, and is to be presented to your lodge for your consideration.

"You are aware that the handwriting is on the wall, so far as the sideboard or bar in lodges in this State is concerned. In many courts prosecutions have been made and in each case we believe the bar in a lodge has been declared illegal.

"You are aware of the consequence if legal action is taken. We do not want any man to suffer if it can be avoided.

"We ask therefore that your lodge abandon its bar or sideboard and thus save the need of prosecution here which has been so successfully waged elsewhere.

"You are aware that some lodges have of their own accord abandoned their sideboard. The Elks of Duquesne is an example of this kind. This is the wise course and the best for all parties concerned. I await your answer.

Yours Sincerely,
A. W. Renton,
Pastor M. E. church

WILLIARD
MEMORIAL

Members of W. C. T. U. Commemorate Life of Founder

MRS. KOHLER SPEAKS

The Charleroi organization of the Women's Christian Temperance Union held a Frances Willard day memorial celebration at the Washington Avenue Presbyterian church Thursday evening. A memorial program was rendered and Mrs. H. L. Kohler, of Washington, who is one of the leading workers of the State in the work among the soldiers and sailors made the chief address. Owing to death in her home Mrs. Ella George, State president of the W. C. T. U. was unable to be present as planned.

Mrs. Kohler's address was along the lines of work being done among the soldiers and sailors. She said that America was considered the "land of the free and the home of the brave," but that it was in the grip of slavery, the like of which Abraham Lincoln never knew, the slavery of Deamon Rum. She told of the work of the Washington county association among the men in the prisons, describing their appreciation of the little kindnesses which the women were able to offer. She complimented the Charleroi W. C. T. U. on its advancement, it having gained in membership from 13 to 76 in nine months.

PLAY OF DOG CAUSES
DEATH OF YOUNG MAN

Back of Lad's Head Blown Off by Accidental Discharge of Winchester Rifle-- Found by His Brother

With the back of his head completely torn off by the explosion of a Winchester rifle, Carl F. Marker, the 17-year old son of Mr. and Mrs. William H. Marker, of the city, was found dead by his brother Roy Thursday afternoon. His death is believed to have been the indirect result of the play of the lad's pet dog. Young Carl had been out during the day shooting crows, his parents being at California. Apparently he had been preparing to clean the

weapon after returning to the house. The theory is that the boy sat down in a chair leaning the gun against the side of the chair. It is believed that the dog, which was in the room struck the trigger in some way discharging the gun. The deadly missile struck Marker in the back of the head inflicting a terrible wound. When Roy Marker entered the room the dog was cowering in the corner while the dead body of the boy sat upright in the chair.

More than usual interest will be attached to the game here tonight with Johnstown owing to the battle of last night when Charleroi won over Uniontown. Johnstown by the defeat of Uniontown acquired the lead by a half a game and a defeat tonight will mean that they will drop again below Uniontown. Consequently Fogarty and his men will play their beatenest to ward off a Cherub victory. JURY RETURNS
NUMBER VERDICTS

In criminal court at Washington Thursday several verdicts were returned. Joseph Freedman of Washington was acquitted of a charge of larceny Thursday, but was assessed with the costs. The private prosecutor was Mrs. Charles Lemley. Through sickness in the family she became in arrears for some furniture bought on the installment plan. Freedman, it is said, took back the furniture and some canned fruit for the arrearages. Suit was entered for the larceny of the fruit. The case created much sympathy for the woman. Both are from Washington.

Carmel Tedesco of Monongahela was convicted of aggravated assault and battery and given an indeterminate sentence to the penitentiary of not less than nine months nor more than three years. Peter Airmanini of Black Diamond pleaded guilty to selling liquor without license and was fined \$500 and costs and sentenced to three months in jail.

Mrs. W. H. Coles Entertains at the Wilbur Hotel

IS A BRILLIANT AFFAIR

Charming appointments significant of George Washington's birthday were handsomely carried out yesterday at a card party given by Mrs. William H. Coles at her home at the Hotel Wilbur in honor of her visiting guests, Mrs. John Morse White, law of Johnstown, Mrs. Holley Phelps of Chicago, and Mrs. John Allen Bechtel of Tarentum. The function was held in the dining room of the Wilbur, which has been redecorated and beautifully carpeted, and was featured by all the mementoes of the Father of his country.

The color scheme of red and white with a touch of green was introduced by an effective arrangement of ferns. From the chandeliers were showers of cherries and small hatchets, tied with bows of red, white and blue ribbon. Vases of tulips, red and white; carnations and Spring flowers were placed in every available space, while over the doorway and windows were festoonings of red, white and blue.

Eleven tables were brought into requisition, and "500" was played until 5 o'clock. The tallies were dainty and novel, a bunch of cherries featured the card, and attached were favors of small hatchets, tied with bows of red, white and blue ribbon. Concealed in the handles were small leaflets, containing a verse appropriate to the occasion.

Increase for Fifth Month Entirely in the Grades

PROF. PENTZ' REPORT

Nearly Perfect Work Being Done in Grades--Many Play "Hook"

Still another increase in the enrollment in the schools is shown by the report of Prof. James G. Pentz, Superintendent of Schools, for the fifth month. With 2,917 pupils enrolled the total enrollment for the year is now up to its highest average for any month of the term. The report was read by the school board at its regular meeting Thursday evening.

The increase in the enrollment was all in the grades during the fifth month, where there were 1,892 pupils enrolled. The High School enrollment remained at 125, the same as for the fourth month. The per cent of attendance to date in the grades was 97, and in High School 96. During the month there were 24 pupils absent on account of contagious diseases. One remarkable feature of the report was the percentage of 97.19 of the pupils in the grades who passed the month's work. The High School percentage of pupils who passed the month's work was 88.

According to the truancy officers' report there was a lot of pupils playing "hook" during the month. He investigated 354 cases and found that 48 couldn't tell why and look him steadfastly in the eye.

Tax Collector J. W. Mathias reported that during January he had turned over to the treasurer \$674.82 in taxes collected for both school and building for the year 1909, 1910 and 1911.

The treasurer reported building receipts during the month of \$708.31, disbursements of \$305.66 and a balance in the treasury for building of \$7,925.831. For school purposes the receipts were \$2,060.62 and disbursements were \$1,286.05. There was a balance in the treasury for school at the end of the month of \$19,729.54.

According to schedule the North Charleroi council met Thursday evening but did not take up the matter of a new water contract, the representative of the Charleroi Water company not being present.

THE BLUE SKY LAW.

In view of the many stock swind-
ling schemes that are being floated in
various parts of the country, the
Legal Aid Society of Philadelphia
urges the passage of a law in this
State similar to the one in Kansas
known as the "Blue Sky Law." This
act, as the title indicates, is intended
to prevent the offer in Kansas of
shares or other opportunities for en-
terprises which have no assets ex-
cept their attempt to capitalize the
blue sky overhead.

This law, which was enacted by
the Kansas Legislature, makes it a
penal offense for any person or cor-
poration to offer for sale in that
State by open circular or advertise-
ment, any shares in any company
whose affairs have not been exam-
ined and approved by a State commis-
sion. An agent before he can solicit
the sale of shares for a corporation
or enterprise must first have a li-
cense from the State, and unless he
produces that he is subject to arrest.

As a result of this law Kansas is
now almost entirely exempt from the
operations of the various swindling
concerns that have been fleecing the
people. While the postoffice depart-
ment has been active in prosecuting
these swindling concerns it generally
does not know of their existence un-
til thousands of people have been
fleeced out of their money. The
"Blue Sky Law" most effectually
nips these schemes in the bud, as
they have to run the gauntlet of a
board of hard-headed Kansas farmers
whose sole idea of duty is to serve
the public. This is the law that is
urged for Pennsylvania, and the
people will do well to give it their
thoughtful consideration.

ANOTHER PROSPECT

The rumor that the West Penn
trolley people are seeking to extend
their trolley service into the Monon-

gahela valley gives another prospect
for the future development of this
section. A trolley connection that
will ultimately lead into the inter-
ior of Washington, Greene and Fay-
ette counties will greatly broaden the
possibilities of the Monongahela val-
ley commercially, industrially and
agriculturally. It is to be hoped that
the rumors of the contemplated de-
velopments will shortly materialize.

That there is some foundation to
these rumors is verified by a survey
of the territory that the proposed
extensions will enter and the possi-
bilities they offer. Any person at all
acquainted with the situation cannot
fail to be impressed with the outlook.
The rich coal fields of Greene county
await development and the populous
communities that can be united by
cheap and quick transportation
would surely add to the general pros-
perity of the whole district when they
can co-operate in trade and industry.
The advantage of communication
with the farming districts the lines
would traverse would alone be suffi-
cient inducement for the encourage-
ment of the project. This is a most
important prospect for Charleroi and
all possible encouragement should be
given to help the matter along.

PICKED UP IN PASSING

A reader of the Mail out in Ohio,
after sending greetings, in which he
says that W. H. T. looks a whole lot
better to him than Teddy, enclosed
the following for the "Picked Up In
Passing" column:

Down in Oklahoma the other day a
man went into a store to buy a saw.
He saw the kind he wanted and asked
the price. It was \$1.65, the dealer
said.

"Good gracious," said the man. "I
can get the same thing from Sears,
Robuck & Co. for \$1.35."
"That's less than it cost me," said
the dealer, "but I'll sell it on the same
terms as the mail-order house just
the same."

"All right," said the customer.
"You can send it along and charge it
to my account."

"Not on your life," the dealer re-
plied. "No charge accounts. You
can't do business with the mail-order
house that way. Fork over the cash."

The customer complied.
"Now two cents postage and five
cents for a money-order."

"What?"
"Certainly, you have to send a
letter and a money-order to a mail-
order house, you know."

The customer, inwardly raving, kept
to his agreement and paid the nickel.
"Now twenty-five cents express-
age."

"Well, I'll be—," he said, but
paid it, saying, "Now hand me that
saw and I'll take it home myself and
be rid of this foolery."

"Hand it to you? Where do you
think you are? You're in Oklahoma
and I'm in Chicago, and you'll have to
wait two weeks for that saw."

Whereupon the dealer hung the
saw on a peg and put the money in
his cash drawer.

"That makes \$1.67," he said. "It
has cost you two cents more and
taken you two weeks longer to get it
than if you had paid my price in the
first place."

A story is told of a postmaster of
a fourth-class office in a town not a
thousand miles from Charleroi, who
had considerable trouble in decipher-
ing the addresses of letters mailed
and received at his office. One of the
patrons, used to do their considerable
corresponding and one day the
postmaster was completely stalled on
the address of a postal a mem-
ber of the family mailed. Return-
ing the postal he addressed the fol-
lowing note to the woman of the
house:

"Dear Madam: I wish you'd tell
your friends not to write any more
like this. It's too hard to read."

SUCCESS AND FAILURE

The way that wins is hard.

To such men there is an excuse for
nothing.

Not so difficult in the doing as in
the planning.

So the easiest way is as a general
rule the longest way.

It is the easiest way out and such
ways all have to be tramped over
again.

In its winsome winning way it finds
a welcome because it offers consola-
tion in times of trouble and perplexity.

COULD HAVE SAVED MONEY

You can save money by spending it
right, as well as by laying it aside.

For instance there are many peo-
ple who do not buy the right med-
icine for their ailments, and pay out
many dollars before they learn just
what to do.

Mrs. Alex Dumas, of Malone N.
Y., knows this now. She says, "A
very heavy cold settled on my lungs
last winter and for three months I
coughed almost constantly. At night
I could hardly get any sleep. I tried
several medicines but none of them
did me any good. Then I thought I
would use Vinol and it began to help
my cough from almost the first dose."

"I do not cough at all now, I can
sleep well and have gained much
strength, all because I took your
splendid tonic."

When you buy Vinol for your
cough, or to build you up, you are
getting the best remedy that can be
had and will not need to experiment
with any others. We guarantee
Vinol to do you good and will give
back your money if you are not well
satisfied. Price 25c, D. S. Co.,

U'S ARE BEATEN AT HOME

Cherub Basketball Five
Too Strong for
Sear's Outfit

EVERYBODY IS A STAR

Inspired by a needed rest of a few days and playing like phenoms the Charleroi Cherubs won from the Uniontown team on the latter's floor Thursday evening. All there was to it Adams and his gang set such a pace that the big U's couldn't get in sight. Shots from all corners of the field were over the heads of the men on the Charleroi side of the altar. As a result of all the combating Uniontown dropped to second place in the Central League circles by a 41-33 jar.

Big Bill Powell, erstwhile baseball pitcher and an amusing individual of rote hopped into the arena rally with the team in the first half. Whether this had any bad luck omen or not it is impossible to state, but by the time the first half ended and the Cherubs had done to Uniontown all they felt like doing Bill was ready and willing to hike for the tall and uncut bramble bush. The first part of the fray ended with Charleroi leading and happy with the score 21 to 18.

There was no let up of the rapid going in the second half on the part of the Cherubs. O'Donnell was in Powell's place. The Cherubs were next thing to being at home having inhabited the Uniontown cage themselves considerably last season, and showed the Father Sears beauties the stuff of which heroes are made. All kind of field goals were counted and Jacky Adams the lovely Charleroi captain with an insistency born of courage, et cetera, kept tossing them in from the foul line just as regular as they were called—almost. Uniontown never got a chance to look busy until the last 33 seconds of play when somebody let Morris have the ball twice to see if he really could throw field goals, and by heck, he did. Swenson wrested the bounding bulb from a mixup and threw in one. Then they quit. Lineup:

TO TUNNEL ENGLISH CHANNEL

Scheme is Being Revived In Spite of Refusal to Pass Last Bill.

The scheme for a tunnel between England and France is being revived in spite of the emphatic refusal of the last bill which was presented in 1907. But great changes have been brought about since then in relation to the military opposition to the scheme, for the coming of the aeroplane and its rapid development as an implement of war have to some extent removed the idea of danger from invasion by tunnel.

If 11 aeroplanes can cross the channel together, as they did a few weeks ago, there is little reason why an army of them may not do so in the near future if they wished. A tunnel also might under certain circumstances be a help in time of war rather than a danger, as much of our food supply could be brought through it.

The chief advantage, however, of the tunnel would be an increase of trade and tourist traffic between England and France as well as countries beyond France. At present the borings at each side are well over a mile and it is estimated that the whole work could be completed within five years, as there is no hard rock to be pierced. The adoption of electricity instead of steam would also remove one of the original drawbacks.

Hard to Keep. English divines have a plan to shorten the Ten Commandments. Condensation will not make it any easier to keep them.—Philadelphia Press.

What He Thought. Mrs. Allway—Oh, John, I had a dream last night that all your money was gone. Allway—"How much did the dress in the dream cost?"

Value of Modern Education. We learn a great deal that is useless about geography, but ask any simple question of the average "educated" person—the shortest route to Paris for instance, or how many days it takes to go to India or to Argentina—and you will probably receive a wrong answer or no answer at all.—Pitts Republic.

Adapted for High Altitude. It is a familiar fact that living at high altitude puts a strain on the heart, which has more work to do. In this connection, says Knowledge, it is interesting to notice Strohl's recent comparison of ptarmigan from high altitudes and willow grouse from the plains. He found that in ptarmigan, even in the young bird, the right ventricle of the heart is very distinctly stronger than in the willow grouse, a specific adaptation to the difference of habitat.

BILLIARDS

The game between Jack of the Hoppes and Hepler of the Schaeffers at the Crescent billiard room resulted in a victory for Hepler by a score of 75 to 66, Hepler having high run of 9 and Jack 8. This game gives the Schaeffers a lead of one game in the tournament, the first time since the race began. A large and enthusiastic audience applauded the many difficult shots made during the game. Referee, Arrigo Time keeper, Sabner Attendance 351.

Among The Passers

Herron didn't get any field goals but the way he guarded the rear of that cage from the onslaught of Swenson, Sears, Boggio and others, so they say, was good enough to make him a candidate for President.

Jack Adams got four. Jimsey Brown four, and Dohn four. Puzzle, find the star basket shooter.

The big U's were beaten on their home floor the second time this season. Won't Uniontown Herald Dad Albright have to make excuses now?

Maybe Bill Powell felt a trifle annoyed at the Charleroi boys for what they did to him here last Friday, and maybe that bothered his playing.

Allie Brown's efforts did not go unrewarded. His one field goal, completing the total number of 14 for the Cherubs, was an event worthy of record.

Johnstown will try hard to keep the lead tonight when they appear at
